

SWANTON VILLAGE  
PRE-CONSTRUCTION TRAFFIC NOTICE  
B-6 BRIDGE CLOSURE FOR REPAIRS  
SUMMER 2024

**The Depot Street Bridge will be closed to traffic for an estimated 14–20 days** sometime between July 8 and August 19. The Village understands the impact this will have on our community, but full closure has been determined to be the safest, most efficient, and cost-effective way to accomplish the necessary work. We appreciate your patience as we make this necessary repair to keep the bridge safe until a full bridge rehab can be accomplished in 2029. A map of an approximately 5-mile detour route is below. **We will post actual closure dates as soon as possible.**

## **IMMEDIATE WORK NEEDED**

**2024**

This will be accomplished with an AOT Structures Grant in summer of 2024.

**Full closure** of the bridge is planned for **14-20 days** sometime between July 8th and August 19.

More information on this project and the detour will be available soon.

## **FULL UPGRADE NEEDED**

**2029**

This project is being funded through the State's Capital Infrastructure Budget.

The Design is in progress and the 1<sup>st</sup> presentation on the project is scheduled for **June 10<sup>th</sup> at 7:00pm** at the municipal complex.

The Village will have a required match for the work of between 2.5%-10%.
